

# Extend Your HW Swap Out Warranty!

If your 36 month hardware swap out warranty is almost up, we have an option for you to extend it 24 more months!

If you have any hardware that is not under warranty, you will have to replace it at the current hardware price if it breaks. Extending your warranty will have you covered with replacement services for another 24 months.

## When do I have to extend my warranty by?

In order to take advantage of our extended warranty, you need to opt in to the extension by the 3 year anniversary date of your date of purchase. To find out your date of purchase, please contact your account manager at Pomodo.
